The top image is a detailed architectural rendering of the ASNS Riga Distribution Center. It shows a large, modern industrial building with a grey roof and white walls, featuring the ASNS logo in green. The building is surrounded by a parking lot with several cars and trucks. To the right, there is a tall, cylindrical silo structure. The entire facility is situated in a green, hilly area with a road and a small bridge in the foreground.

The bottom image is an aerial photograph showing the location of the distribution center in Riga, Latvia. The facility is visible as a large industrial complex on the right side of the image, situated near a river and surrounded by urban development and green spaces.

Izvietojums pilsētvidē

An aerial photograph of a city landscape. A wide river flows through the center, with a bridge crossing it. To the left, a large railway yard with many tracks and trains is visible. In the foreground, there are several industrial buildings and a large green building complex. The background shows a dense urban area with many houses and buildings, surrounded by green fields and trees. The sky is hazy.
